

Matchmaking Engineering Event

SDU Sønderborg hereby invites you for a matchmaking event on 8 October 2019. During this event engineering students and companies will get the opportunity to network and get to know one another.

8 October
Main Entrance SDU
Alsion 2, 6400 Sønderborg

Program

15.00-15.05 - Room U101

Welcome by SDU TEK Innovation, including a short introduction to the event

15.05-15.30 - Room U101

Company presentation (each company has 1 minute)

15.30-17.00 - Main entrance hall

Networking with students and presentation of internships, student jobs, and project collaboration.

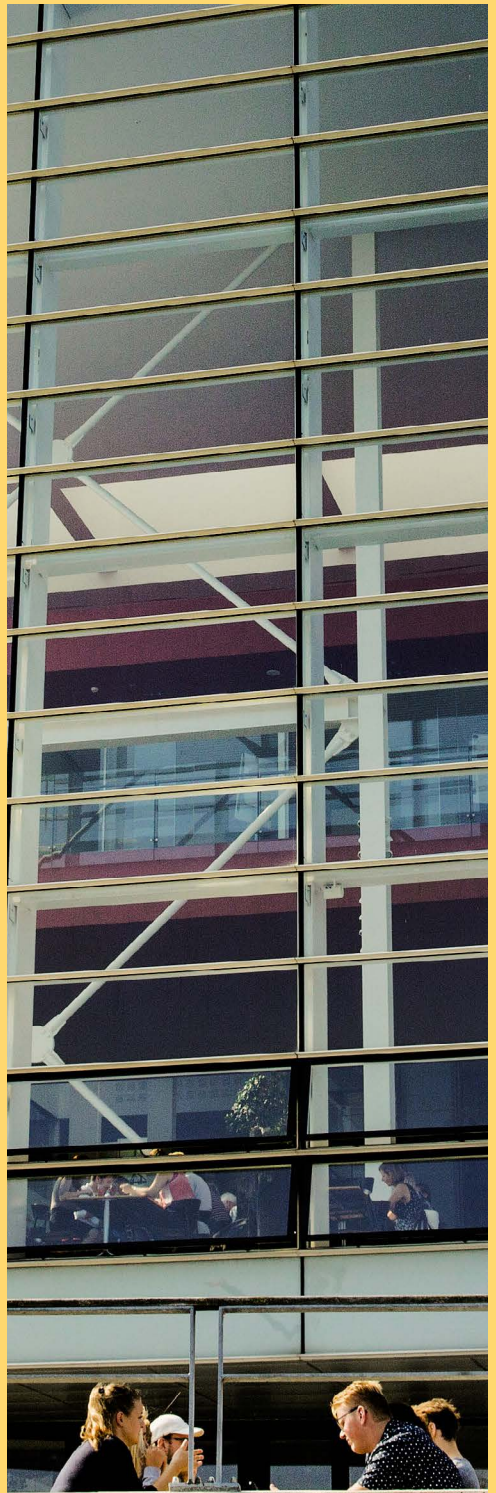

There will be refreshments during the event

It is free to participate in the event. However, you must bring copies of internship possibilities, project collaboration or student job, which you can offer the engineering students. If you have any questions to the copies you are bringing, please contact Lone Søvad Madsen at lsma@tek.sdu.dk

Sign up

If you are interested, you sign up no later than september 24th:

www.conferencemanager.dk/MEE2019

Company presentation

This is your opportunity to pitch your company. The PP are to be uploaded at the registration site no later than October 1st. Upload of documents opens medio September.

Networking

At your stand you will have the opportunity to talk to the students about student jobs, internships and project collaboration. The description of what you would like to offer the engineering students are to be uploaded at the registration site no later than October 1st. Upload of documents opens medio September.

The students

The event is open to all engineering students at SDU Sønderborg, bachelor and master students from Mechatronics and Innovation & Business. Furthermore, you get the opportunity to talk to students from the newly established programme Electronics.

Practical information

Each company will have a stand with a high table or a typical school table for presenting challenging engineering task. At each stand there will be space for one roll-up.

You may bring all relevant materials, giveaways, computer etc. in order to make your stand and presentation show your identity. We will provide internet and extension cords. It is possible to set up the stand from 14.30.

We look forward to see you
